
Burlington®

Burlington enables homeowners to create bathrooms with the authentic forms and finishes from pivotal periods of design but made to modern quality and performance standards.

Burlington brings the finest quality complete traditional bathroom ranges with genuine and inspired designs from the late 19th Century through to the 1930s. In an age of minimalism and stark, functional spaces, Burlington offers a sanctuary for those who seek the comfort, familiarity and reassurance of more traditional styling. Burlington's collections include everything you need; brassware, ceramics, furniture, baths, shower enclosures, towel radiators and accessories.

ORTIGIA

Edwardian 1200mm double basin with washstand | Three tap hole mixers with Claremont handles | Towel rings | All fittings and accessories are in Gold

ELEGANT EDWARDIAN

Classic. Soothing. Refreshing.

Famed for their restorative properties, Edwardian design took inspiration from the styles of the previous centuries whilst focusing on making comfort a high priority. Warming neutrals lay the perfect foundation with their soft, balanced hues helping to create a lighter cosy homeliness. A perfect pairing with expressive coloured tiles or patterned wallpaper, Edwardian style provides complete contentment without having to compromise on a look that dates.

A MODERN TWIST

Contemporary. Time-honoured. Everlasting.

Known as the principles of art; balance, harmony and proportion are often cited within classic bathrooms inspired by eminent eras such as Victorian, Edwardian and Art Deco. Defined by symmetry, soft corners and structure, classic bathrooms maximise comfort by combining traditional design with modern-day elements. Whether you love the look of traditional or prefer the modern feel, our contemporary collections unite form and function for elegantly refined designs.

Contemporary Upstand 560mm basin with stand and towel rack | Mono basin mixer with Claremont handles | Soap dish | Towel ring | Standard 520 close coupled WC with lever and cover caps | Soft close seat, White | Walk in, recess with hinged deflector | Avon thermostatic shower with wall bracket, handset and 9" head | Trafalgar radiator | All fittings, brassware and accessories are in Brushed Nickel

ICONIC RIVIERA

Lavish. Luxurious. Exclusive.

Created in collaboration with Christian Booth Design, the Riviera Collection reignites the spirit of the 1920s with a curated selection of ceramics, vanity units and brassware. Drawing on the extravagance of the Mediterranean coasts, Riviera balances clean lines, geometric shapes and decorative embellishments to bring Art Deco designs into homes of today. Faithful to the original and entirely transitional, the Riviera Collection seeks to unite glamour, style and luxury in one comprehensive collection to inspire an Art Deco bathroom unlike any other.

WCs

The widest range of traditional WC options to suit your installation and match the exact look you want. Available in White with finish options of Chrome, Gold and Brushed Nickel flush pipes.

PAN OPTIONS

Choose between Standard or Regal WCs with an option of Rimless pans available across a number of our products.

Regal

At Burlington we've created a range that's taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

Standard

Our standard WC offers a pan that is 420mm with a box rim. A popular choice for creating a traditional look in your bathroom.

Rimless

The rimless WC is exceptionally easy to keep clean. Its powerful flush covers the entire bowl, making it the most hygienic option.

QUALITY

For peace of mind our WCs have the following benefits.

All Burlington close-coupled WCs are supplied with dual flush WRAS fittings.

All WCs have a unique stay-clean NANO Glaze coating, creating an ultra-smooth surface, six times smoother than standard ceramic.

All Burlington WC fittings are factory set at 3L and 6L flush. They can be adjusted on site to flush at 2½L and 4½L.

GUARANTEES

*The lifetime guarantee is subject to online registration and represents the perceived lifetime of the product which is 25 years. For full details on guarantees please visit burlingtonbathrooms.com/guarantee.

REGAL WCs

At Burlington we've created a range that's taller than average sanitaryware. Regal WC pans are 60mm higher than the standard option.

At 480mm high the taller WC pan ensures the knee angle remains at approximately 90 degrees whilst in use, which is the correct seating position. The taller WC provides a more comfortable use for taller people and the elderly whilst ensuring your WC is functional as well as beautiful too.

Burlington cisterns are available with either bottom or back entry filling for flexible installation.

If you need to fill your cistern from the back, you will need to order a C30.

(This deep cistern increases the distance from pan outlet to the wall by 20mm)

FLUSH OPTIONS

Our feature cistern levers are available in Gold or Brushed Nickel and create the perfect finishing touch.
They work beautifully with our other feature options such as WC seats, brassware and accessories.

Gold Lever

To add a Gold Lever please order a SP390 GOLD.

Gold Dual Flush Lever

Available for our high level toilets only (not available on C28S cisterns)
Code: SP391 GOLD

Brushed Nickel Lever

To add a Brushed Nickel Lever please order a SP390 BNKL.

Brushed Nickel Dual Flush Lever

Available for our high level toilets only (not available on C28S cisterns)
Code: SP391 BNKL

Gold Flush Pipes

Available for our low level and high level toilets only.
Low Level: T31 GOLD
High Level: T30 GOLD

Brushed Nickel Flush Pipes

Available for our low level and high level toilets only.
Low Level: T31 BNKL
High Level: T30 BNKL

BASINS

From large double basins to compact cloakroom options, Burlington offers a wide range of basins with many styles and sizes perfectly formed to suit your traditional bathroom.

STYLE OPTIONS

Burlington has a wide range of Basin options. Select your style below.

Classic

The Classic collection from Burlington is beautifully formed, available in rectangular or square designs, complete with an invisible waste option.

Edwardian

The Edwardian collection is the ultimate in traditional bathrooms with structured corners and angular designs, the feel is unapologetic and proud.

Victorian

Delicate and refined, the simplicity of this basin is stunning whilst its versatility allows you to continue the style through your home and brings an air of luxury.

Contemporary

As the name suggests, the Contemporary collection is styled on the elegance of past times but with a modern day twist. Simplistic, structured lines form the basis for this striking ceramic collection.

Contemporary Upstands

The Contemporary Upstand collection offers a classic structured look with a modern twist, combining a classic upstand with the clean lines of a contemporary basin.

Cloakroom

A choice of traditionally designed cloakroom basins to achieve a consistent look throughout the home.

FURNITURE

A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom. Choose from freestanding in either square or curved design, cloakroom or fully fitted options to create the most functional space to suit your individual needs.

KEY FEATURES

Our furniture solutions are made from the finest materials and offer innovative features and smart details. Perfectly suited for the bathroom environment.

Freestanding

The plinths of the freestanding furniture are crafted from a waterproof high density material - providing extra protection and giving peace of mind that wet floors will not lead to damage.

Each of our Classic furniture pieces are prepared with 5 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. The painted top coat is then applied for a glorious depth of colour.

Unlike conventional fitted furniture, our units offer full floor to height storage providing increased space for all your bathroom cosmetics and accessories.

Chalfont

Available in 4 sizes and 3 colours with the design option to have wall hung or floor standing by using additional legs available in wood with matching paint finishes or in brass with a Chrome, Gold or Nickel finish to compliment the Burlington brassware ranges.

All of our Chalfont furniture pieces have a high quality paint finish and are prepared with 3 layers of primer featuring UV stabilisation to minimise colour fading from exposure to sunlight. Followed by 2 layers of top coat for a glorious depth of colour.

Chalfont furniture units pair exclusively with Burlington's natural stone roll top basins. Natural stone's beautiful and tactile appearance is also extremely hard wearing and minor scuffs and scrapes are, in most cases, easily polished and smoothed away. These basins are supplied undrilled for your preferred choice of 1, 2 or 3 tap holes.

Riviera

Available as floor-standing in 2 sizes and 3 colours with matching handles available in Chrome or Gold finishes.

Made from materials specifically selected to withstand the rigours of life in the bathroom where temperature and humitdity can vary widely.

Each part is coated with five layers of primer, before the final coating is applied; this top coat is UV-resistant to reduce the effects of exposure to bright sunlight.

Riviera vanity units are supplied fully assembled for simple installation, with adjustable feet to ensure stability and protect them from wet floors.

Minerva® Joint Kit

White: MVWH
Carrara White: MVBG
Black Granite: MVCA

Minerva Basins

Minerva basins fit perfectly with your chosen furniture unit. Should you opt for a fitted furniture look, a Minerva worktop can be chosen to fit the length of your furniture units.

Tap holes

Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

Routine Cleaning

Minerva® does not require any specialist cleaning regimes, most dirt will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

Staining

Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

Minerva® Care Kit

To restore your Minerva® work top to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

All measurements are represented in mm.

PAINT YOUR OWN

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom into your individual colour scheme. We've chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell paint finish for the best effect.

Brinjal

BRASSWARE

Burlington brassware can be customised with a choice of 4 tap heads; Claremont, Birkenhead, Anglesey and Kensington. We supply every tap with two Neoperl devices: A flow straightener, which is for use with low water pressures and an aerator, which is for use with high water pressures.

KEY FEATURES

Burlington brassware products have a range of key features across basin and bath taps, shown below.

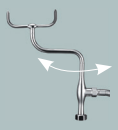

Swivelling Spouts

All our bath fillers and bath shower mixer spouts swivel - so you don't have the spout in your way when you shower.

Angled Mixers

All our bath shower mixers are available in an 'angled' version.

S Adjuster

The S adjuster allows the telephone handset to be positioned over the bath. The bath shower mixer can be installed with or without the 'S adjuster'.

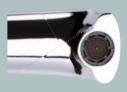

Bridge Mixers

Our bridge basin mixer has a swivelling spout and allows you to have mixed hot & cold water, whilst using a two taphole configuration.

Normal

Burlington

Spouts

Normal: The underside of a bath spout of a normal, traditional bath tap.

Burlington: The underside of a Burlington bath tap with a Neoperl aerator.

STYLE OPTIONS

Choose from a wide range of tap head options in finishes of either Chrome, Gold or Brushed Nickel.

Gold

Brushed Nickel

Claremont

Anglesey

Birkenhead

Kensington

REGENT

Our regent base can be used on all one, two and three tap hole taps (excluding Chelsea, Stafford and CL45-QT) offering an extra 30mm of height than the standard tap base and a further 30mm away from the wall when wall-mounted.

For the full range please visit the website.

Standard **Regent**

WATER PRESSURE

Our taps are designed to deliver the following maximum flows of water, regardless of the incoming water pressure:

Basin taps: 13L per minute

Bath tap: 14L per minute

Bath shower mixer: 22L per minute

Normal tap

Water flow in a normal traditional tap.

Low pressure

Low pressure water flow with a Burlington tap using a flow straightener.

High pressure

High pressure water flow with a Burlington tap using an aerator.

Finish Options

A collection of our brassware is available in 3 distinct finishes.

These can be matched across the whole of the Burlington collection to create your perfect bathroom.

TAP HEAD OPTIONS

Choose from a wide range of tap head options in finishes of either Chrome, Gold or Brushed Nickel.

All our tap heads are available in Chrome as standard.

Claremont: The Claremont tap head is also available in Gold and Brushed Nickel.

Kensington: The Kensington tap head is available in Chrome only.

Birkenhead: The Birkenhead tap head is available in Chrome only.

Anglesey: The Anglesey tap head is available in Chrome only.

When ordering your **tap style** add the correct code to the start of the tap code:
Claremont add CL
Anglesey add AN
Birkenhead add BI
Kensington add KE

Examples:
CL6-QT
AN6-QT
BI6-QT
KE6-QT

To select an **alternative finish** add the below to the end of the code:
Gold add GOLD
Brushed Nickel add BNKL

Examples:
CL6-QT
CL6-QT GOLD
CL6-QT BNKL

Visit our website to view all the collections.

THERMOSTATIC

Match your basin, bath and shower with the convenience and safety of thermostatic controls for your bathroom.

Three tap hole basin mixer with pop up waste

Chrome: CL29

Bath shower mixer deck-mounted with 'S' adjuster

Chrome: T2DB

Thermostatic two outlet twin control bath shower mixer valve

Chrome Ceramic

Deck: BT2DS+V16
Deck: BT2DS+V17
Deck: BT2DS+V60

Safety

We use Vernet wax capsules throughout our thermostatic brassware and showering valves, meaning temperature when in use will not vary by more than + 1 degrees.

STAFFORD

The Stafford collection cannot be paired with any other tap head options and is only available in quarter turn.

Finish Options

A collection of our wastes are available in 3 distinct finishes.

These can be matched across the whole of the Burlington collection to create your perfect bathroom.

SHOWERING

Our range of showers provide extensive options to create a perfect showering solution. Whether you prefer showering over a bath or within an enclosure, our range of thermostatic valves offer safe and controllable showering for the entire family. Partner with a wide range of enclosure styles with corresponding trays.

KEY FEATURES

All our showers come as standard with the below key features.

One Way Water

Our non-return valves ensure the flow of water in only one direction, ensuring heating efficiency, preventing siphonage of contaminated water and keeping your shower cartridge in excellent condition for longer.

Airburst Shower Heads

By combining air and water, the pressure inside the shower head is increased. The power of a traditional shower head with up to 33% water saved.

Thermostatic Showering

Within the valve there is an automatic adjuster which maintains temperature by adjusting the flow of each supply. This is useful in guarding against the possibility of scalding. If for instance, someone flushes a WC whilst you are showering, the flow of hot water will immediately be closed down to compensate for the reduced cold water flow.

STYLE OPTIONS

Our showers are available with concealed or exposed valves.

Concealed

A concealed shower valve creates a clean finish as the valve is hidden behind the wall.

Exposed

An exposed shower valve is fitted onto the wall and has a more traditional feel.

WALK IN CONFIGURATIONS

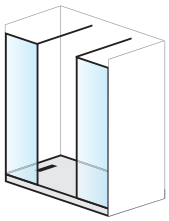

Once your have identified your space you can create your personalised showering solution; with our flexible modular glass panels, profiles and stabilising fixings the layout options are almost endless.

When choosing your configuration, we recommend you allow 500mm minimum entry space.

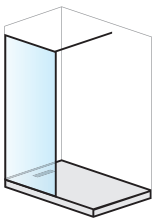

Recess

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall or Ceiling)

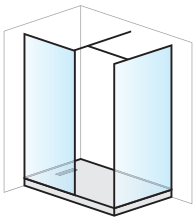

Recess with Double Panel

- 2 x Glass Panels
- 2 x Wall Profiles
- 2 x Bracing Bars (Wall or Ceiling)

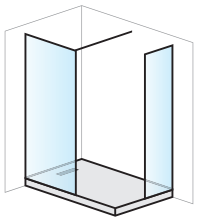

Open Ended

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall or Ceiling)

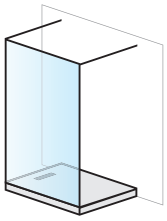

Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm max.)
- 2 x Wall Profiles
- 1 x T Bracing Bar

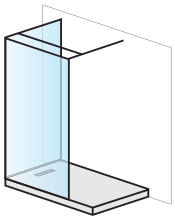

Corner

- 1 x Glass Panel
- 1 x Glass Panel (up to 500mm max.)
- 2 x Wall Profiles
- 1 x Bracing Bar (Wall or Ceiling)

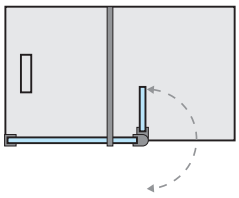

Walk Through

- 1 x Glass Panel
- 2 x Glass to Wall Bracing Bars

Glass Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm max.)
- 1 x Wall Profile
- 1 x T Bracing Bar
- 1 x Glass to Glass Corner Seal

We wouldn't recommend installing a deflector panel if you have chosen a glass to ceiling bracing bar.

180° Hinged Deflector Panel

Available in 300mm, our hinged panel rotates through 180° for easier access. The colour matching hinges and clear seal give your walk in a seamless appearance.

- 1 x Glass Panel for Hinged Deflector
- 1 x Deflector Panel 180° Hinges (pair)

Additional Design Flexibility

The configurations shown are the most typical options; if you require something different please talk to your local bathroom specialist.

For further installation information or to find your local retailer visit burlingtonbathrooms.com

All prices include VAT at 20%. All measurements are represented in mm.

· NEW ·

WALK INS

1400 x 900 Corner Walk In with Hinged Deflector Panel - Shown with Trent Shower

- 2000mm High
- Adjustable up to 15mm from each wall
- Safety glass is 8mm thick
- Easy clean coating
- Reversible panels
- 8mm toughened safety glass to BS EN 14428
- Choice of bracing bar options
- Suitable for tray or tiled floors (wetroom)

High Flow Vortex Shower Waste

Chrome: Z1205 **£19**
Gold: Z1205GOLD **£65**
Br. Nickel: Z1205BNKL **£65**

8mm Toughened Glass Panels

Width	Code	Price
255	BU030008CF	**£135**
355	BU040008CF	**£155**
455	BU050008CF	**£185**
555	BU060008CF	**£210**
655	BU070008CF	**£240**
755	BU080008CF	**£265**
855	BU090008CF	**£295**
955	BU100008CF	**£315**

Maximum capacity when using a heating element is 90% of full capacity. Please consult the installation guide for each model.

Burlington radiators offer a broad range of various styles.

There are options here to complement your traditional bathroom beautifully. All Burlington radiators except the Strand (R11 CHR) are designed to work with the extra fitting of an electric summer heating kit, allowing warm towels all year round.
